

REMARKS

Claims 1-6 are pending in the application.

A new title is proposed herein. Should this title not be acceptable, the Examiner is invited to suggest a new title.

A substitute ABSTRACT is included herewith. A substitute specification is also enclosed herewith. Also enclosed is a copy of the substitute specification with markings.

In view of the corrections to the drawings, title, abstract and the specification, it is respectfully requested these objections be withdrawn.

In considering applicant's specification and drawings, one skilled in the art would be enabled to make and or use applicant's claimed invention.
